44 Research

- 44 Retrospective versus prospective designs
for studies of crop-raiding by elephants in
Kakum, Ghana

*Richard FW Barnes, Emmanuel Danquah,
Emmanuel M Hema, Umaru-Farouk Dubiure,
Mildred Manford, Awo Nandjui, Yaw Boafo*

- 51 Assessing perceived and documented crop
damage in a Tanzanian village impacted by
human-elephant conflict

*Rebekah R Hoffmeier-Karimi and Bruce A
Schulte*

Cover caption: Thandi and her six month old calf ('Thembi' that means hope in *isiXhosa*) in Shamwari Game Reserve, South Africa. Thandi survived a brutal attack by poachers, defacing her and destroying her horn growth plate. Only through skilful veterinary work and innovative skin grafts did she survive.
