Population development

Population size by sex

Population development

Population size by origin

Analysis 2006

- **Historical analysis:**

F1 Breeding in captivity

Wildborn animals breeding in captivity

Number of births, deaths and imports 1995-2014

- Births
- Deaths
- Imports

Population development 1993 - 2014

Recommendations

- **Reproductive investigation Non breeding females/males**
- **Exchange non breeding females in age class 7 to 20**

Recommendations

- **Reproductive investigation Non breeding females/males**
- **Exchange non breeding females in age class 7 to 20**
- **Exchange young females from maternal group (not before the age of 3)**

Recommendations

- **Reproductive investigation Non breeding females/males**
- **Exchange non breeding females in age class 7 to 20**
- **Exchange young females from maternal group (not before the age of 3)**
- **Have enough space to keep offspring for 3 years in the group**
