

# TWO OF THE FINEST ANIMALS FOUND IN BURMA'S FORESTS

A HERD OF GAUR EMERGING FROM THE FOREST TO GRAZE IN THE OPEN IN THE PIDAUNG GAME SANCTUARY

THE TWO-HORNED RHINOCEROS (*R. sumatrensis*) OF BURMA

*Photographs copyright E. H. Peacock*

*This fine beast, a male, was shot in the Shwe-u-daung Game Sanctuary in 1930 and presented to the British Museum. The posterior horn is a mere knob*
