**CURIOUS ACCIDENT IN THE HARBOUR.**—An accident occurred yesterday morning in the harbour. His Highness Aga Ali Shah had arranged to send a rhinoceros and an elephant as presents to his Majesty the Shah of Persia by the British India Steam Navigation Company's steamer Java, which was to leave the same day. The rhinoceros and the elephant were accordingly taken in the morning alongside the steamer in two separate padows, but the rhinoceros while being hoisted on deck rushed forward with such violence that the trappings gave way and it fell headlong into the sea, and after swimming about for a while, it was drowned.
