PLATE 2

Aceratherium campbelli sp. nov.

- FIG. 1. Nasals M.29251 left lateral view. $\times 0.6$, approx.
FIG. 2. Nasals M.29251 dorsal view. $\times 0.6$, approx.
FIG. 3. Skull M.29250 occipital region. $\times 0.3$, approx. (Holotype.)

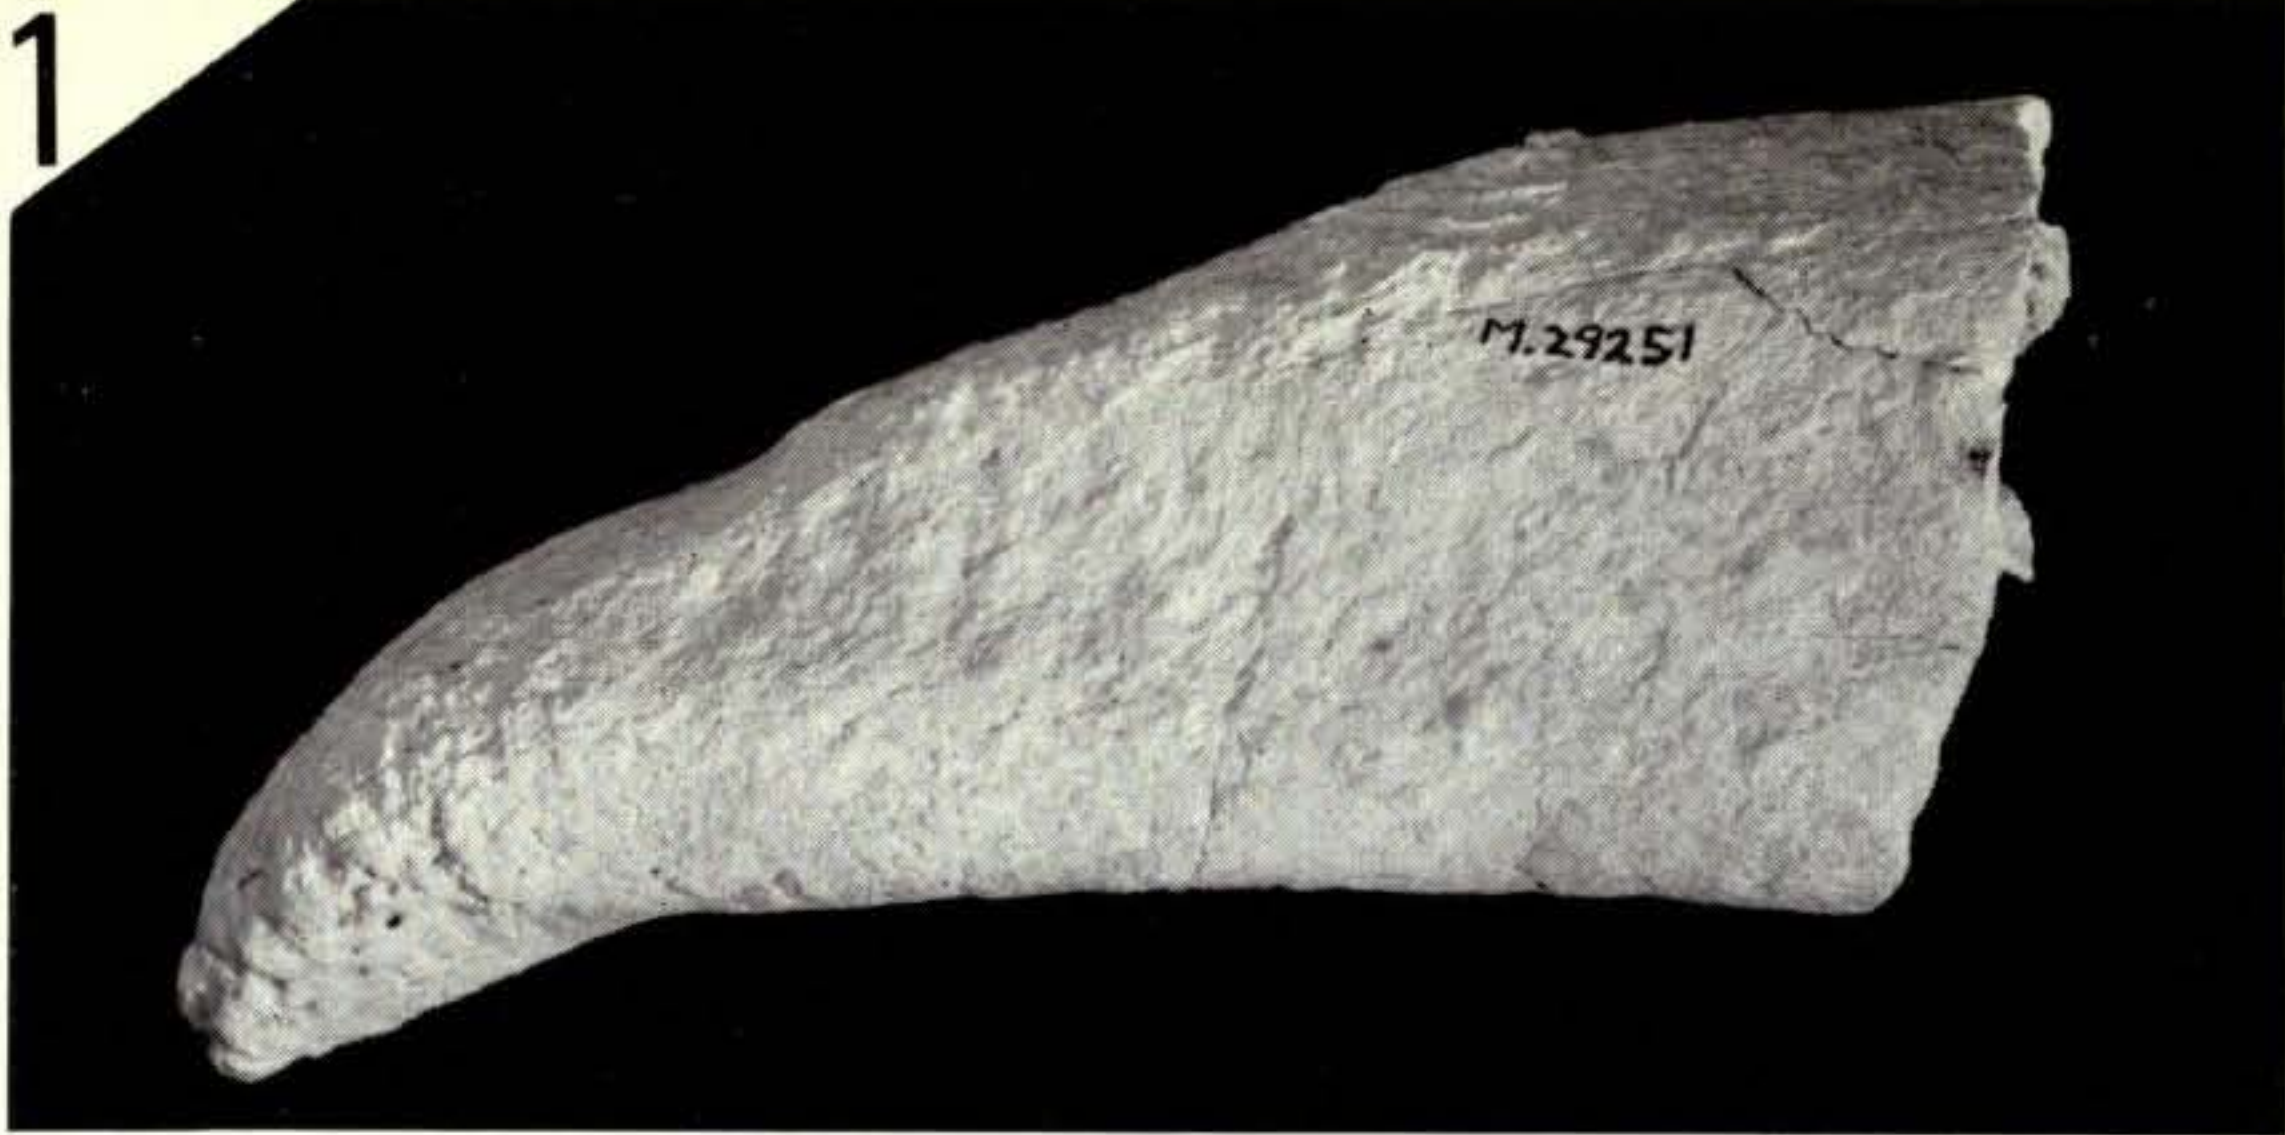

PLATE 3

Aceratherium campbelli sp. nov.

FIG. 1. Uncollected skull before excavation.

FIG. 2. Uncollected skull after excavation.

N.B. Both figures from colour transparencies which were kindly supplied by Dr R. C. Selley.

PLATE 4

Aceratherium campbelli sp. nov.

- FIG. 1. Upper right incisor M.29252 lateral view. $\times 1$, approx.
FIG. 2. M² lingual fragment M.29256 occlusal view. $\times 1$, approx.
FIG. 3. M³ M.29254 occlusal view. $\times 1$, approx.
FIG. 4. M₃ M.29258 occlusal view. $\times 1$, approx.
FIG. 5. P₄ M.29257 occlusal view. $\times 1$, approx.
FIG. 6. Upper incisor which may belong with *Aceratherium* M.29266 lingual view.
 $\times 1$, approx.

PLATE 5

Aceratherium campbelli sp. nov.

- FIG. 1. Upper right cheek teeth M.29252 occlusal view. $\times 0.7$, approx.
FIG. 2. Right second metacarpal B.U.22042 medial view. $\times 0.5$, approx.
FIG. 5. Right fourth metacarpal B.U.22041 anterior view. $\times 0.6$, approx.
FIG. 6. Right fourth metatarsal B.U.22037 anterior view. $\times 0.5$, approx.

Brachypotherium snowi (Fourtau)

- FIG. 3. A first incisor M.29265 anterior view. $\times 0.5$, approx.

Rhinocerotidae indet.

- FIG. 4. A left calcaneum M.29293 dorsal view. $\times 0.5$, approx.
FIG. 7. A right calcaneum from East Africa M.10364 dorsal view. $\times 0.5$, approx.
FIG. 8. A right calcaneum from East Africa M.10364 medial view. $\times 0.5$, approx.

PLATE 6

Brachypotherium snowi (Fourtau)

- FIG. 1. Maxillary fragment with P² and P³ M.29268 occlusal view.
FIG. 2. M¹ and M² M.29269 occlusal view.
FIG. 3. Mandibular symphysis M.29264 dorsal view.
FIG. 4. Right mandibular fragment with P₃-M₁ M.29260 occlusal view.
FIG. 6. Right P₃-M₁ M.29260 labial view.
FIG. 5. Left, third metacarpal M.29275 proximal facets.
FIG. 9. Left, third metacarpal M.29275 anterior view.
FIG. 7. Left astragalus M.29279 anterior view.
FIG. 8. A second, lower incisor M.29263 lingual view.

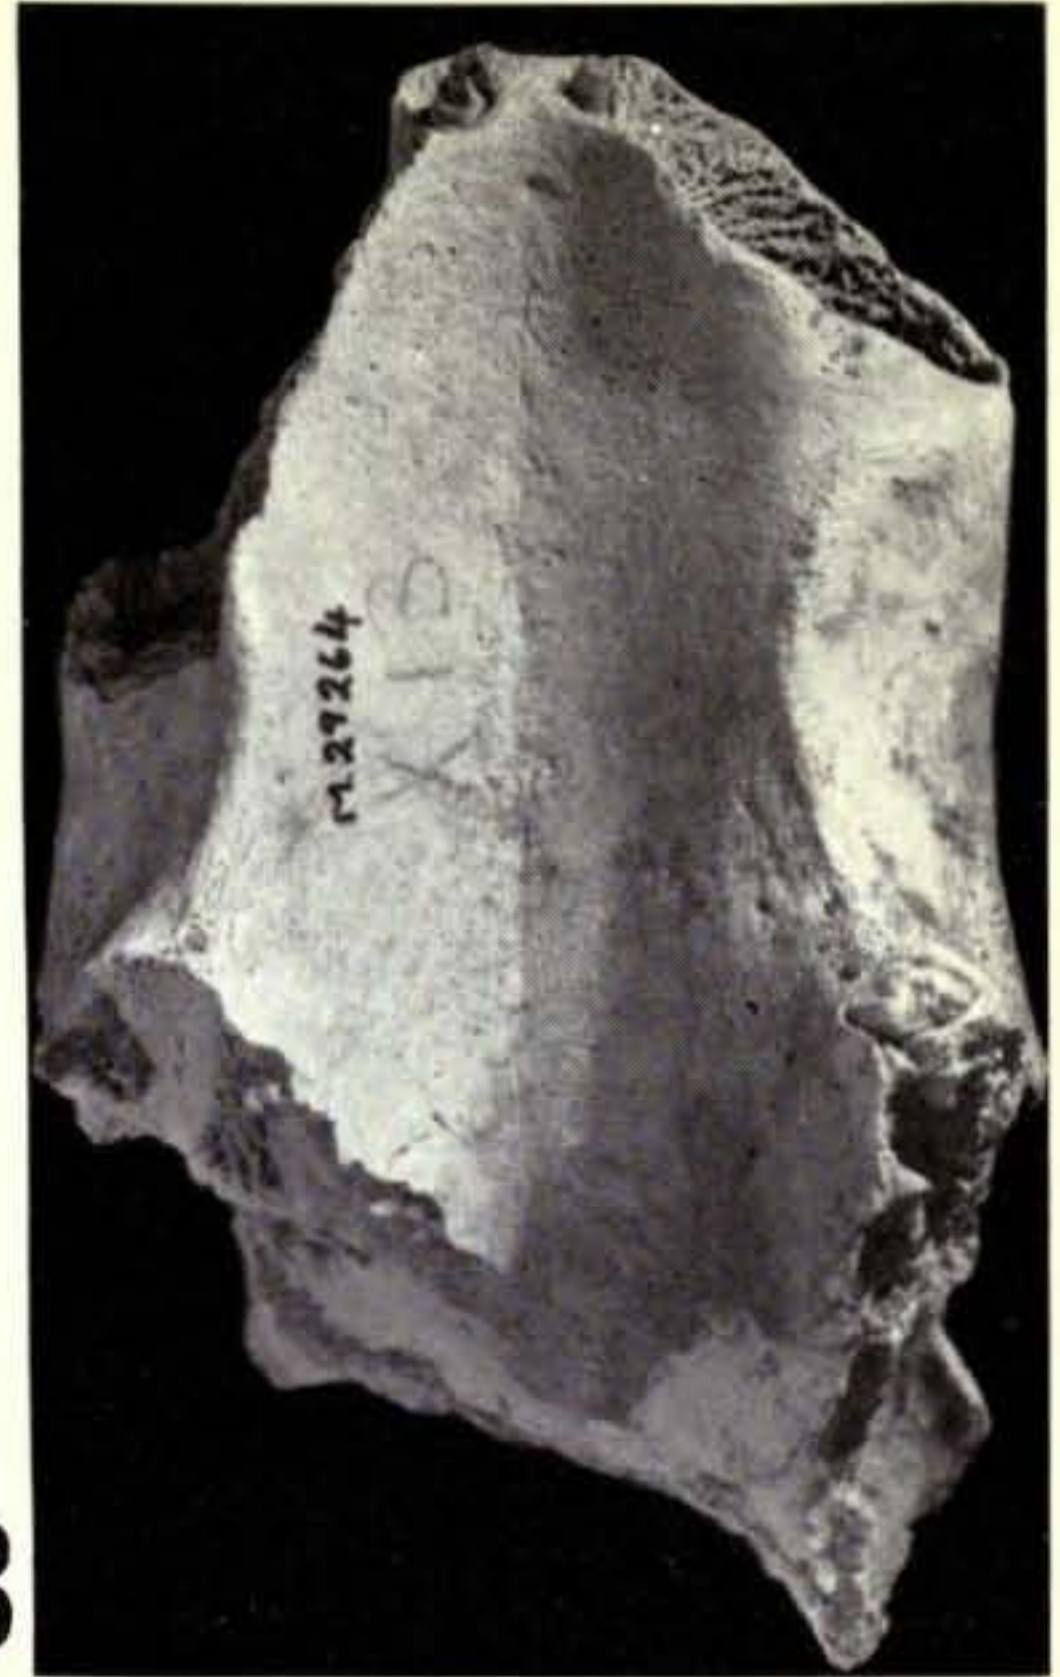

All figures × 0.5, approx.

PLATE 7

Aceratherium campbelli sp. nov.

FIG. 1. A right mandibular fragment with P₂-M₁ M.29259 occlusal view. × 0.5, approx.

FIG. 2. Right mandibular fragment M.29259 labial view. × 0.5, approx.

Brachypotherium snowi (Four tau)

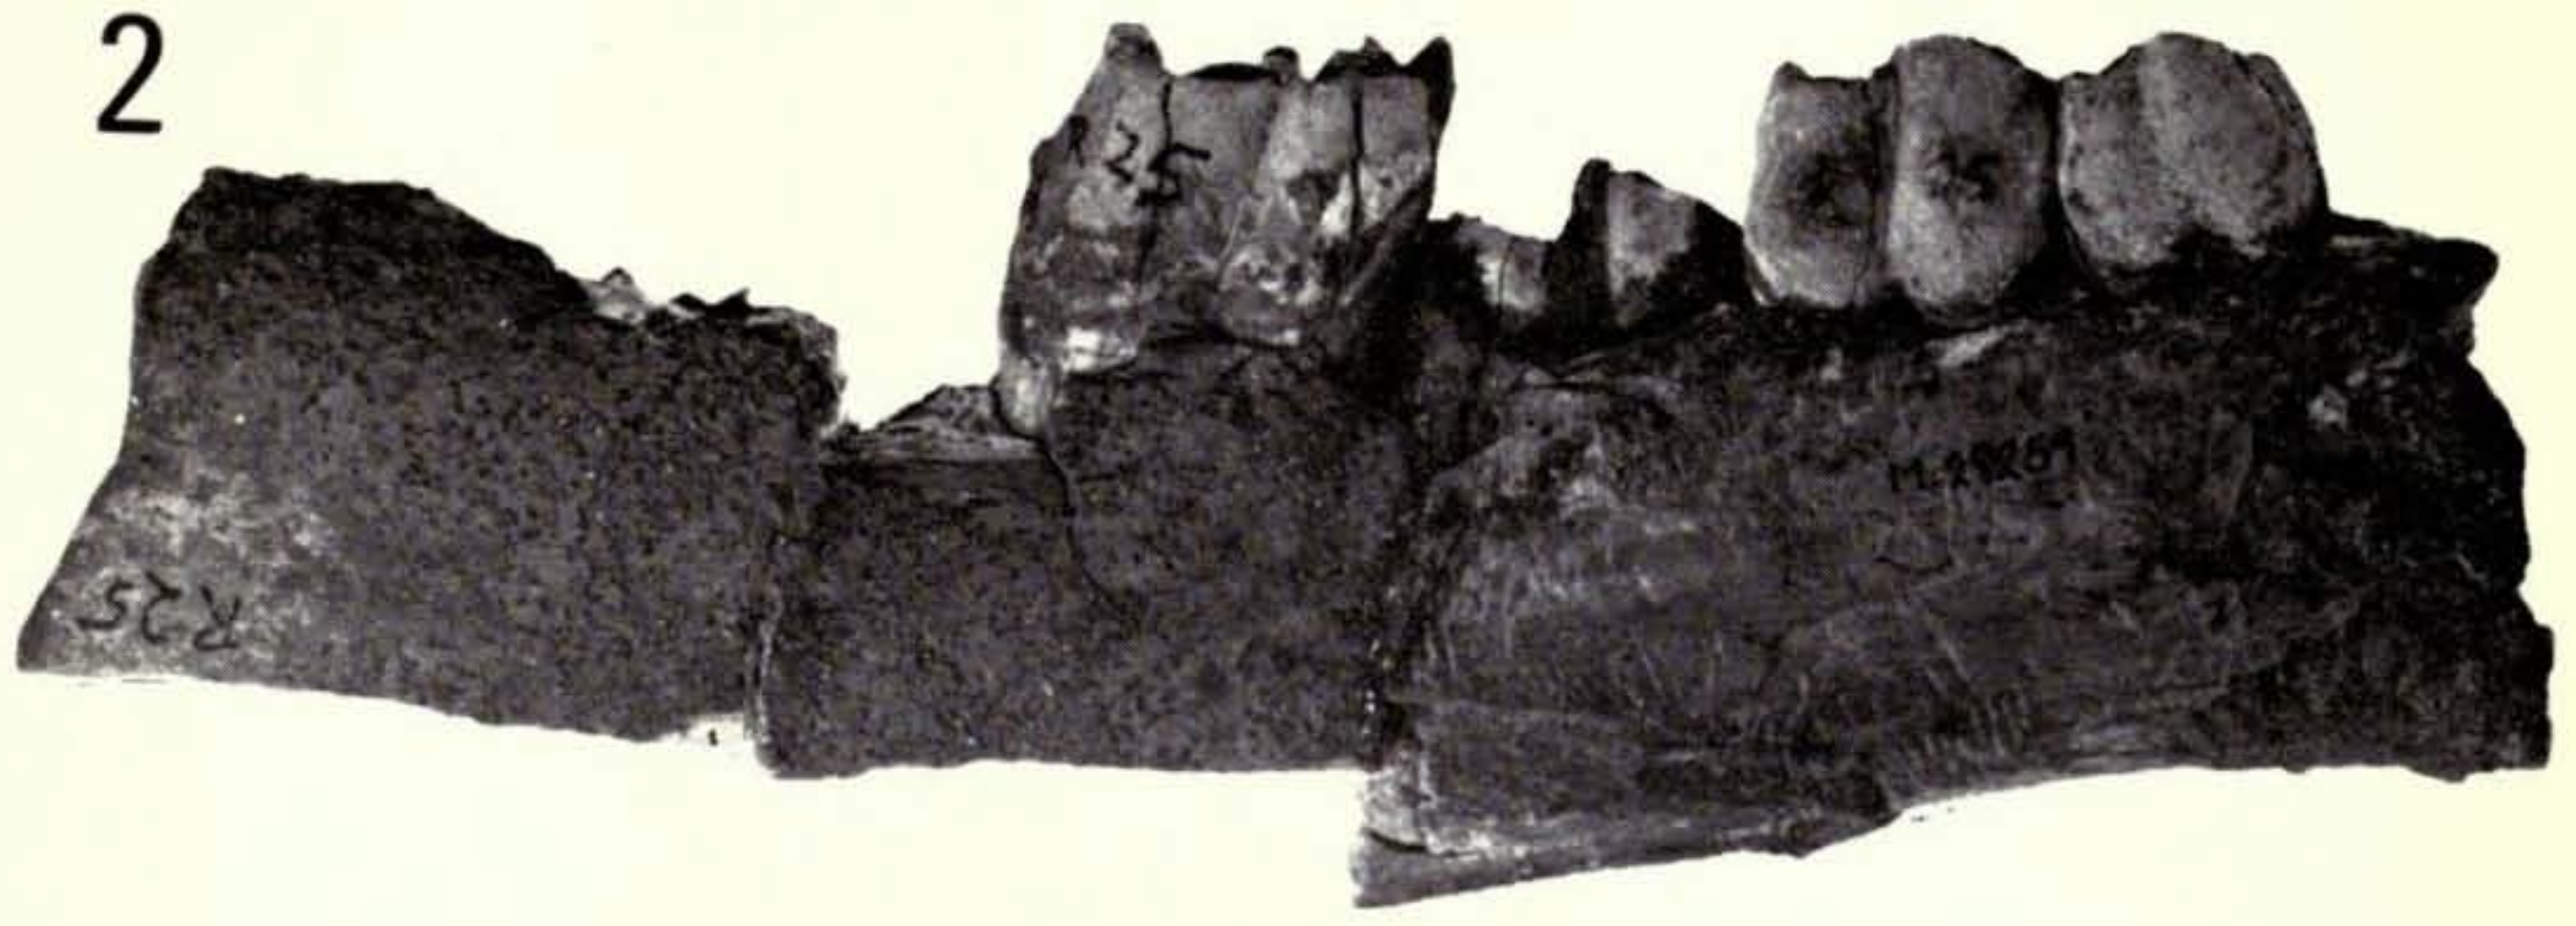

FIG. 3. A right mandibular fragment with D₂-D₄ and M₁ M.29262 occlusal view. × 0.5, approx.

FIG. 4. Right mandibular fragment with D₂-D₄ and M₁ M.29262 lateral view. × 0.5, approx.
