

A HUNTING STORY,

(NOT TO SAY, FIB)

Being the Adventures of Cornelius Cracker, Esq.

Cracker, while out shooting in Central Africa, tumbles into a native pitfall.

Another visitor drops in unexpectedly,

To Cracker's intense dissatisfaction, who makes a point of getting out of the way.

Another arrival. Cracker thinks it would be well to put up a notice—"Pit full."

An alliance offensive and defensive is entered into. The rhinoceros assists Cracker out of the difficulty,

And gives the lioness a lift.

The grateful Cracker procures a spade, and fills in the pit, in order to release the rhinoceros.

" Oh, does not a parting like this make amends?
