

A PRIZE COMPETITION

THE Proprietors of the *Badminton Magazine* offer a prize or prizes to the value of Ten Guineas each month for the best original photograph or photographs sent in representing any sporting subject. Competitors may also send any photographs they have by them on two conditions: that they have been taken by the sender, and that they have never been previously published. A few lines explaining when and where the photographs were taken should accompany each subject. Residents in the country who have access to shooting-parties, or who chance to be in the neighbourhood when hounds are running, will doubtless find interesting subjects; these will also be provided at football or cricket matches, and wherever golf, cycling, fishing, skating, polo, or athletics are practised. Racing and steeple-chasing, including Hunt Meetings and Point-to-point contests, should also supply excellent material. Photographs of Public School interest will be specially welcome.

The size of the prints, the number of subjects sent, the date of sending, the method of toning, printing, and mounting, are all matters left entirely to the competitors.

The Proprietors are unable to return any rejected matter except under special circumstances, and they reserve the right of using anything of interest that may be sent in, even if it should not receive a prize. They also reserve to themselves the copyright in all photographs which shall receive a prize, and it is understood that all photographs sent are offered on this condition.

The result of the August competition will be announced in the October issue.

THE JUNE COMPETITION

SPORTSMEN OF MARK

X.—MR. R. H. RIMINGTON-WILSON

BY ALFRED E. T. WATSON

IN the shooting world no name is better known than that of the master of Broomhead, the old mansion which dates from and has been in possession of the family since 1311, attached to which is the famous Yorkshire moor where the breeding, driving, and shooting of grouse are carried out to a degree of excellence that constitutes a model of how the sport should be conducted. In 1904 the record bag was made, though Mr. Rimington-Wilson, it should specially be said, in no way seeks the dubious kind of distinction which such a record confers. It happened that the season was a good one, that the drives came off successfully, and that the guns shot straight. The higher ethics of sport are nowhere more keenly observed, and most assuredly no thought of newspaper notoriety entered into the host's calculations. Had it been possible
