Sliceros

Table with columns for morphological measurements (e.g., length of snout, orbit diameter) and rows for different specimens (e.g., 1.8.2.20, 7.2.26.1, 69.10.24.8). Includes handwritten notes like 'small incision on each side of pupil' and 'no evidence of infection'. Red lines separate columns of data.

Handwritten notes and diagrams at the bottom of the page, including sketches of dental formulae and specific specimen details like 'm1 not erupted'.
