

ZOOLOGICAL GARDENS.

THE SUBSCRIBERS to this ESTABLISHMENT and the **PUBLIC** are most respectfully informed that the **SUBSCRIPTIONS** for the year 1841 expire with this month and the Proprietor respectfully solicits a continuance of public patronage. Subscriptions can be renewed at the Gardens, and at the usual places. Mr. ATKINS begs to state that several first-rate Artists have been for months engaged in executing, on a scale of enormous magnitude, a new and splendid Subject for the Season, and that he intends the **OPENING FETE** for **WHIT MONDAY**, the 16th of May, on a scale of magnificence surpassing all past endeavours. A first-rate Military Band, of known reputation, has been engaged; the Gas has been tastefully arranged, so as to add splendour to every part of the Gardens; and arrangements have been made to produce every possible Novelty in order to increase the attractions of this celebrated place of rational amusement.

The Collection of Animals, always considered one of the best in Europe, continues to receive, by donations and purchase, the greatest rarities of the creation. The stupendous **Rhinoceros**, the sagacious performing Elephant, the splendid groups of **Lions**, **Tigers**, &c., continue to attract the attention of the Naturalist and of all the Lovers of Nature.
